

Unattended / Silent installation Rillsoft Project 9.0

A full installation allows automatic installations to be performed, i.e. no dialog boxes are displayed.

Example:

```
msiexec.exe /i rp90en_x64.msi /qn INSTALLDIR="C:\Programme\Rillsoft Project" DATADIR="C:\Documents and Settings\All Users\Application Data\Rillsoft Project"
```

i - Installs or configures a product

rp90en_x64.msi – Installs or configures a product

oder rp90en_x86.msi You can download from the link https://www.rillsoft.de/download/rp90en_x86.msi

qn - specifies that no user interface occurs

INSTALLDIR – a name of the program directory

DATADIR – a name of the data directory
